Subject No. 478.

State Public Libraries.

Summary of discussion.—In all important towns in the Province, Public libraries ought to be established by the Government.

Dewan's reply.—Indeed !!

Subject No. 479.

Virjanadi Channel.

Summary of discussion.—The improvement of the Virjanadi channel is very desirable. The improvement of the channel will bring about 5,000 acres of land under wet cultivation and thereby the Government revenue will also be increased to the extent of nearly Rs. 30,000. The estimated cost of the work is Rs. 1,50,000. If Government are willing to show some concession in fixing the assessment on the lands that may come under the extension, the raiyats are ready to get the work done at their own cost.

Dewan's reply.—Extension is impracticable. The channel is in fairly good condition. Improvement of gradient will be done in due course.

Subject No. 480.

New roads necessitated in several places.

Summary of discussion.—If Local Fund roads are opened to villages the population of which is large, or to which new irrigation channels are extended, the value of the lands in those villages will be enhanced, and trade and traffic will be greatly facilitated. Raiyats will contribute towards the cost. In several places, new channels have altered conditions a geat deal, and new roads and bridges over the channels are much needed.

Dewan's reply.—Yes. Give for consideration in the P. W. D. a list of such roads required.

Subject No. 481.

A road to Yenne Hole.

Summary of discussion.—If a Local Fund road is opened to Yenne Holé *vid* Chatnahalli Ukkada and joined to the Manandavadi road, the raiyats of about twenty villages will be profited by being afforded increased facility for traffic.

[The Deputy Commissioner said that there is a road from Kadakolá to Sindhavalli and from Sindhavalli to Chatnahalli. If the raiyats will only execute periodical repairs, it can be kept in good order.]

Dewan's reply.—Recorded.

Subject No. 482.

Pattas of Temple lands.

Summary of discussion.—Pattas of Devadayam lands should be made in the names of the respective Deities.

Dewan's reply.—This is being done.

Subject No. 483.

Sayer Cutcherry in Mysore City.

Summary of discussion.—The Sayer Cutcherry in Mysore City is now in a very inconvenient locality. Public convenience would be much promoted, if it were located near the Railway Station.

Dewan's reply.—Under consideration.

Subject No. 484.

Better Amildari supervision of irrigation arrangements required.

Summary of discussion.—The Taluk officials, Amildars included, do not attend to the irrigation requirements of raiyats. With better supervision on their part, there would be little cause for complaint.

Dewan's reply.—Rules exist. Where they are not carried out, complain by petition.

Subject No. 485.
English School at Yedatore.

Summary of discussion.—The Government is requested to take the Sri Chamarajendra English School in the Yedatore town under its direct management. A sum of Rs. 2,300 has been collected and is at the credit of the school.

Dewan's reply.—The Education Department is instructed to arrange to take the school over with the amount at its credit, which should be devoted to the construction of a suitable school building.

Subject No. 486.
Maintenance of important distribution channels.

Summary of discussion.—Branch channels should be repaired whenever necessary by the D. P. W. By branch channels, reference is meant not merely to extensions but also to main distribution channels from the River channel. These distribution channels are often of some magnitude.

Dewan's reply.—Yes; in special and important cases.

Subject No. 487.
Munsiff's jurisdiction in Yedatore.

Summary of discussion.—A Munsiff's Court should be established in Yedatore, or the Yedatore Taluk should be transferred to the jurisdiction of the Mysore Munsiff. At present, it is tacked on to Holé-Narsipur. People of Yedatore have more dealings at Mysore than at Holé-Narsipur.

Dewan's reply.—The proposal is reasonable and will be referred to the Chief Court.

Subject No. 488.
Yedatore sanitary improvement.

Summary of discussion.—The supply of filtered water to the town of Yedatore by means of pipes, and other sanitary improvements of the town proposed by the Sanitary Engineer, should be taken in hand early.

Dewan's reply.—Will be considered. The water-supply project was stopped because people did not want it.

Subject No. 489.
Endowments to Yedatore temples.

Summary of discussion.—The Tasdiks of Arkeswara temple in Yedatore and Sri Ramadevaru temple in Chunchankatte should be increased. At least, some wet waste lands should be allowed to be taken up at favorable rates for the benefit of temples.

Dewan's reply.—The Tasdik cannot be increased. Temple may have waste lands on full assessment and without sale.

Subject No. 490.
Requirements of Saligram.

Summary of discussion.—(*a*) The fresh water pond in Saligram should be repaired, so that its water may be used for drinking purposes during the hot season. A sum of Rs. 1,000 was sanctioned two years ago for this purpose.

(*b*) An English school may be established in Saligram, half the cost of its establishment being borne by the local Municipality.

(*c*) A Musafarknana should be constructed in Saligram.

Dewan's reply.—Noted.
